- Organizations must have systems in place that align with widely accepted industry standards for promoting quality, efficiency, and effectiveness.
- ATJ and CLCPP projects should establish performance goals and report on their progress towards stated goals.

*Examples of performance goals include the number of clients provided legal services, number of community outreach and training events held, number of pro bono attorneys trained, and any other activities to be funded under the requested grant.*

- In joint project applications, each organization should establish performance goals aligned to the specific services they will provide.
- A strong proposal will demonstrate that the applying organization meets or exceeds the standards.

# Funding Priorities

# Funding Priorities

# Budget Narrative Example

---

## **Personnel Cost:**

The total budget for personnel salaries is \$140,000 from the organization's CLCPP grant. Based on historical data, we estimate a fringe rate of 5%. Three (3) attorneys will be working on cases under this program at an annual salary of \$100,000. Attorney A is estimated to spend 50% of their time on this program, with Attorney B at 20% and Attorney C at 30%. The non-attorney staff on this project will be one (1) full-time employee on this program at a salary of \$40,000.

# Budget Narrative Example

---

## **Non-Personnel Costs:**

### **Consulting/Professional Services:**

The overall consultant expense is projected to increase by roughly \$5,000, from \$15,000 in FY23 to \$20,000 in FY25. This increase is due in large part to specialized expertise needed for training, evaluation, capacity building, and program implementation for this CLCPP project. The FY25 budget includes funding for continued work with ABC Corporation to conduct a second evaluation of the existing civil legal aid network.

### **Dues and Fees:**

The subscription to ABC is to support the CLCPP network communication with all subgrantees/Clients estimated an annual fee of \$3100.

### **Other Costs:**

Other costs include subscriptions to software like Microsoft Office, Hootsuite, and Adobe, as well as office supplies ordered from Amazon, etc.
